Tbh 'd be quite worried if I was a top executive at a tech company in

A Republican Senate MUST hold hearings with all 50 of the people who signed that letter 3 weeks before the 2020 campaign. They all said Hunter Biden's laptop was Russian disinformation. And they didn't have a single piece of intel to suggest it.

Then all those involved in transporting boxes of classified documents to Mar-a-Lago should be held accountable. Right? How many copies were made, who packed or viewed those documents? What info was sold to foreign adversaries for political gain?

À l'ère de la technologie, les entreprises ont besoin de solutions innovantes pour améliorer leur efficacité et leur rentabilité. Les logiciels de gestion des ressources humaines (GRH) sont devenus un outil essentiel pour les entreprises de toutes tailles. Ces logiciels permettent de automatiser les tâches répétitives, de simplifier les processus de recrutement, de gestion des performances et de paie. Ils offrent également une vue d'ensemble en temps réel des données RH, ce qui permet aux gestionnaires de prendre des décisions éclairées. Les logiciels GRH sont également capables de s'adapter aux besoins spécifiques de chaque entreprise, ce qui les rend encore plus utiles. En résumé, les logiciels GRH sont un investissement précieux pour toute entreprise cherchant à optimiser ses ressources humaines.

She pushed propaganda designed to help Joe Biden out of a scandal 3 weeks before the 2020 election.

The Senate must act to stop her from doing more damage.

Shouldn't one of the requirements be that you don't push false narratives before taking a role on the disinformation board? Or is this board to promote disinformation?

A Republican Senate MUST hold hearings with a 150 of the people who
signed that letter 3 weeks before the 2020 campaign. They all said Hunter
Biden's laptop was Russian disinformation. And they didn't have a single
piece of intel to suggest it.

The voices of gay conservatives have been marginalized and suppressed on social media from big tech censorship.

Now that Twitter is unthrottled our voices are being heard. And there are so many more of us than they want you to believe.

We exist. And we're gay, not stupid.

@DNI_Ratcliffe says that isn't true.

Murphy is saying he has seen something the DNI hasn't. This is an outrageous claim.

Trump was right!

NEW: Under pressure from the Europeans, Germany finally says it will allow EU sanctions on Russian pipeline.

This is a total defeat for Joe Biden, U.S. Senate Democrats, & the Merkel government who all dropped the Trump sanctions.

A Republican Senate MUST hold hearings with a 150 of the people who signed that letter 3 weeks before the 2020 campaign. They all said Hunter Biden's laptop was Russian disinformation. And they didn't have a single piece of intel to suggest it.

January 2019. @inespohl once again gave aid and comfort to the Russian pipeline.

She helped create this Russian war in Ukraine and should be held accountable for her activism.

She mocked everyone who tried to stop the Russian pipeline.

January 2019. @inespohl once again gave aid and comfort to the Russian pipeline.

She helped create this Russian war in Ukraine and should be held accountable for her activism.

She mocked everyone who tried to stop the Russian pipeline.

Not downplaying the Politico SCOTUS/abortion scoop, but it's not totally unprecedented. In 1973, a young Time reporter named David Beckwith (who'd later serve as Dan Quayle's veep spokesman) scooped SCOTUS's forthcoming Roe decision. From David Garrow's "Liberty and Sexuality"

Perhaps the one person outside the Court's official family who did know what was about to happen was David Beckwith, a young Time magazine staff member who had learned the essence of the upcoming decisions after approaching any number of clerks for off the record comments. Beckwith had attended the University of Texas Law School at the same time as one of Powell's clerks, and the Powell clerk, knowing that Roe and Doe were listed for announcement on January 17 and hence would be covered in Time's next issue, spoke "on background" with Beckwith about the upcoming decisions, unaware that Warren Burger's tardiness would cause the cases to be held over into the following week. When Burger's delay meant that Beckwith's superiors at Time had the makings for a scoop rather than some redundant background material, those editors went ahead and prepared a two-page story entitled "Abortion on Demand" for the Monday issue that appeared on newsstands just a few hours before Roe and Doe actually were announced. "Last week Time learned," the article boasted, "that the Supreme Court has decided to strike down nearly every antiabortion law" and to permit "only minimal curbs" upon abortion. Garrow would be "the basis" for the rulings, which "were also influenced by the 1972 opinion of U.S. District Judge Jan O. Newman" in the Connecticut case. "No decision in the court's history," Time predicted, "has evoked the intensity of emotion that will surely follow this ruling."

Warren Burger was absolutely livid when he learned of Time's story that Monday morning, but the magazine's scoop was short lived. Just after ten a.m., with all nine justices on the bench, the Chief Justice turned to the author of the Roe and Doe opinions for the announcement of the Court's decisions, and Harry Blackmun began reading his eight-page statement while the Court's press office started to distribute copies of the two decisions to waiting reporters.

Ischinger, Emily Haber and Merkel all told Senate Democrats to drop the Trump sanctions on the Russian pipeline.

Senate Democrats did it - and the war in Ukraine then started.

Your country changed their position,
Wolfgang.

Your President said it was wrong for
Germany to pursue Nord Stream 2 and not
pay its NATO obligations.

I was right. Trump was right. *You* were
wrong - and you helped cause a war.

These people manipulated intelligence for partisan political gain.

Here are the names of the 50 Intel officials who signed a letter saying Hunter Biden's laptop was "Russian disinformation." As @RichardGreeneJ has pointed out, none of these officials had a single piece of raw intel indicating it was disinformation....

Hi Taylor,

In Playbook tomorrow we are writing about the "JD Vance vulnerability study" that Protect Ohio Values posted on Medium during the campaign and I wanted to know if you would like to offer any response. Let me know!

We quote from the research in the study, including these portions.

— "Vance has positioned himself as a critic of Big Tech and supporter of increased regulation of the industry. But Vance's career has been heavily financed by the leaders of Big Tech. Investors in Rise of the Rest, the fund that Vance helped manage, include Amazon CEO **JEFF BEZOS** and former Google CEO **ERIC SCHMIDT** Narya" —

A Republican Senate MUST hold
hearings with all 50 of the people who
signed that letter 3 weeks before the
2020 campaign. They all said Hunter
Biden's laptop was Russian
disinformation. And they didn't have a
single piece of intel to suggest it.

A Republican Senate MUST hold hearings with all 50 of the people who signed that letter 3 weeks before the 2020 campaign. They all said Hunter Biden's laptop was Russian disinformation. And they didn't have a single piece of intel to suggest it.

Tbh I'd be quite worried if I was a top executive at a tech company in 2023/2025. Pretty much heard the house GOP should open the subpoena cannon and find as many process crimes as possible amongst top employees/executives

haven't endorsed anybody in the AG race, and still won't. I'm just not plugged in enough yet.

He comfortably lies. Anyone hiring him should know this.

One example: He told me to my face multiple times that moving 10k troops out of Germany and putting some in Poland and other places was a good idea.

Joe Biden isn't physically up to travel to Ukraine. So he sent his wife.

The DC propagandists are once again covering up Joe's failures.

Fact. [@ChrisMurphyCT](#) voted against multiple historic gay nominees from President Trump.

He isn't about protecting gays. He's about pushing far Left ideas.

Democrat Senators should be asked if their vote to drop Trump's sanctions on the Russian pipeline helped cause a war in Ukraine.

Mark Esper was one of the most duplicitous people I've met in politics.

He comfortably lies. Anyone hiring him should know this.

One example: He told me to my face multiple times that moving 10k troops out of Germany and putting some in Poland and other places was a good idea.

But then I would find out he was blocking or slowing the implementation of President Trump's decision

Esper was a weak kiss ass. Typical for Washington. Always telling us what he thought we wanted to hear. And then he would do the opposite.

32 · 326 · 1,694 ·

Richard Grenell ✓ @RichardGrene · 12h
Strong people stand by their beliefs and speak up. Esper was too weak to do it in person.

Everyone knows someone like this.

Imagine if Esper had followed Trump's directive and moved 10k more troops to Poland. I bet Ukraine wishes Esper wasn't so weak.

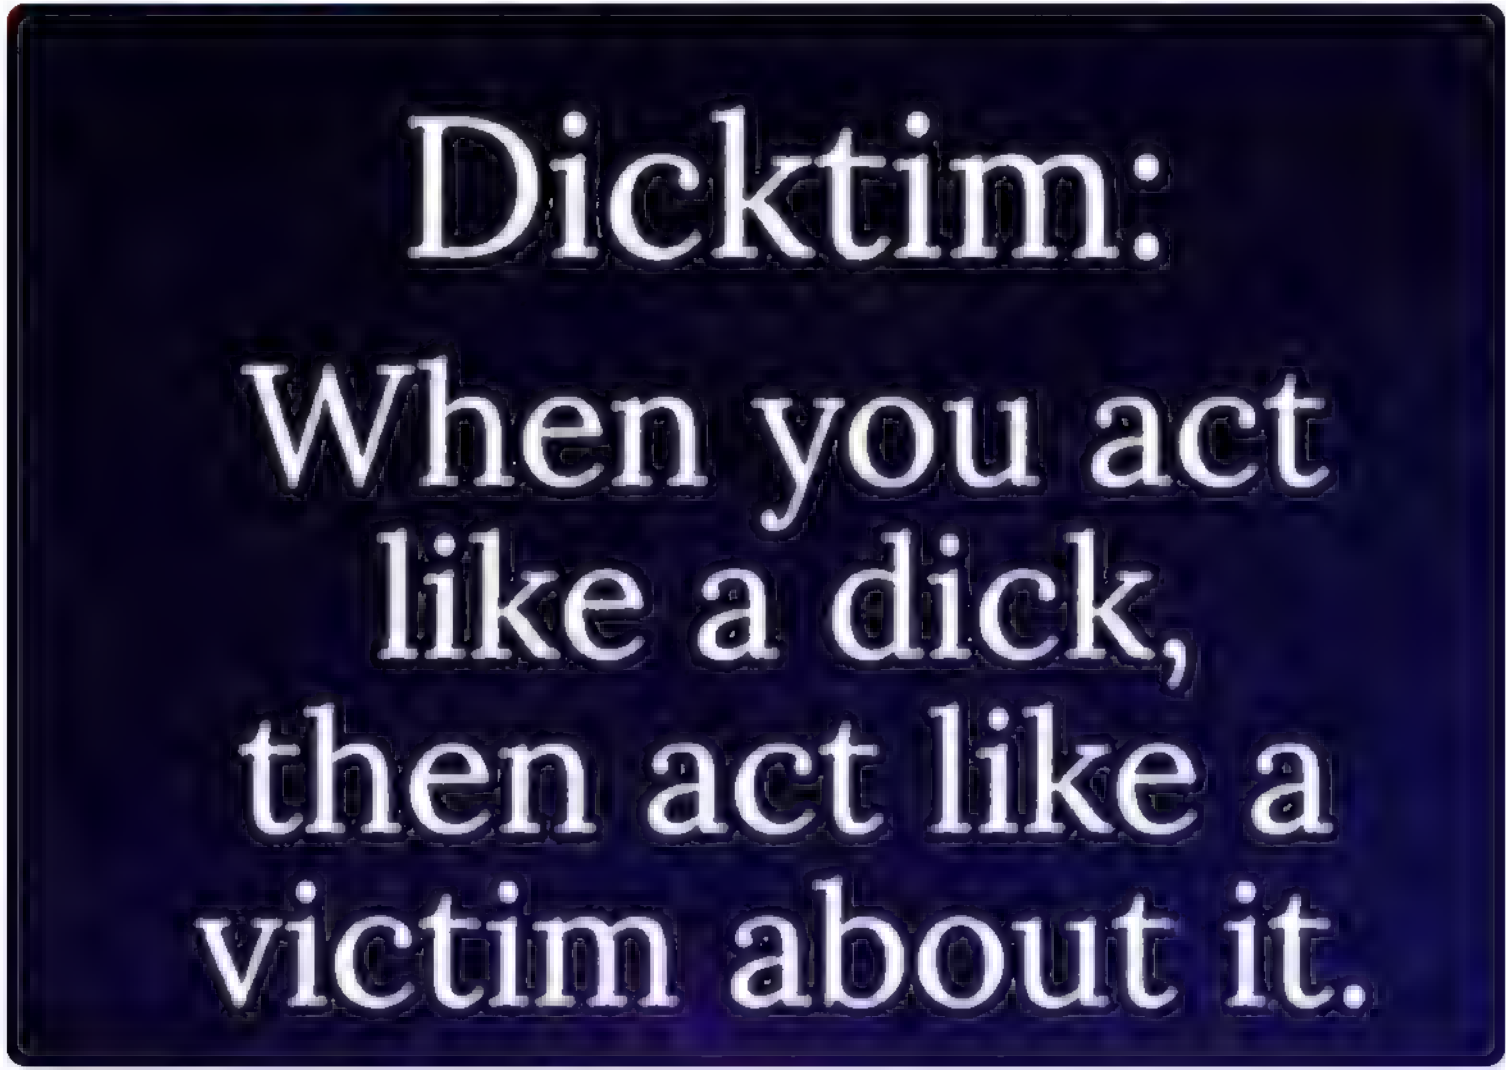

21 · 322 · 1,825 ·

Richard Grenell ✓ @RichardGrene · 12h
Think about this. Esper didn't speak up until he had a book to sell.

He made stuff up now for money.

It's frankly unAmerican to suggest that 1st and 2nd generation Americans are unworthy or suspect to work as U.S. Officials. Many have seen fascism and totalitarianism up close. They are the canaries in the coal mine warning Americans that socialism is dangerous.

She Tweeted #BLM and #DefundThePolice hashtags to link to a video OPPOSING them and highlighting that BLM does NOT care about Black lives.

Zelenskyy's speech missed the chance to explain the difference between Ukraine and Iraq/Afghanistan.

Americans are tired of war and its costs.

2) The Pennsylvania Senate race is extremely important as PA is one of the most important swing states.

The outcome matters.

Which raises a question: Why wasn't the GOP prepared with solid alternate candidates to Parneil who was forced from the race?

3 7 57

Jeff Carlson @themarketswork 12m

3) Why are we being repeatedly asked to unquestionably endorse weak or improperly vetted candidates that often only serve to undermine true conservative values?

The @GOP has a major RINO problem. They've done nothing to address the issue

6 13 91

Jeff Carlson @themarketswork 10m

4) I'm tired of seeing conservatives being repeatedly placed in the position of "having" to vote for a mediocre candidate

If the GOP were truly working for us, they would have rock solid candidates that energize the base in every key race

This is entirely the fault of @GOP

Pay your bill.

You promised in 2014 at Wales to pay. You haven't.

The Ukraine war may not have happened if Germany would have been paying their NATO commitments.

You are the largest economy in Europe and you have a surplus. Stop the excuses.

David Ermes [Verified](#) @davidermes

Replying to @RichardGrenell

There is no such thing as a NATO Bill to be paid in question. The treaty strengthens our western security regardless of GDP percentage spent on defence (Germany should increase, of course). Finns and Swedes joining benefits us all. Any other story is in Russia's interest.

How strange...

Yesterday I called out @GretchenWhitmer for talking daily about abortion yet refusing to say a single thing about the formula shortage...

All of a sudden...she's tweeting about formula.

Pack your bags Big Gretch...Michigan families are sending you home.

Governor Gretchen Whitmer

I know how anxious parents must feel now. I urge federal leaders to use funds at their disposal to get baby formula shelves and into families' homes

29 33 17

1:55 PM · 13 May 2022

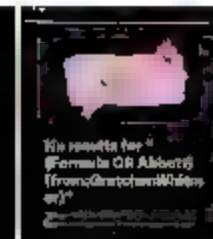

Tudor Dixon @TudorDixon

Gretchen Whitmer talks about abortion every day including fundraising emails on Easter & tweets on Mother's Day

She has NOTHING to say about America's biggest baby formula factory (in Michigan) being shuttered since February by Biden nor the nationwide shortage

Monstrous.

What have they done to our country?

Our border is being invaded while the elites enjoy their cocktail hours in Phoenix and in DC.

We need to restore LAW & ORDER on our streets AND on our border.

where a and b are the lengths of the legs, and c is the length of the hypotenuse.

Endorsement of Kevin Kiley

Kevin Kiley, who is running for Congress in California's 3rd Congressional District, has been a conservative champion in the California State Capitol—no one has fought Gavin Newsom harder than Kevin. He doesn't wait for the fight, like the do-nothing RINO's who have watched California get absolutely destroyed by the radical maniacs in Sacramento. Kevin is smart and tough. Imagine if Germans put as much time and energy into arming Ukraine as they have into their debate about why they should not do so. Russia would have been defeated by now.

Imagine if Macron had put similar energy into doing that instead of having chosen to make his role that of interlocutor/hiver off in chief of Ukrainian territory to Putin

The UK is so, so far ahead of him and Scholz, not only on this but on strengthening Baltic defence ties,

Which is surely why they haven't done it. German leaders simply want a return to a situation where there's a frozen war in Ukraine and they can deal with Putin's Russia

This is bullshit. The only thing that should be like before the war is that there is peace! Otherwise, the German Economics Minister is doing everything to end the dependency on Russian resources! And he's been very successful with it!
